

P1/P1/2 P2 Home Learning Activities

Week beginning:	24 th August 2020				
Health and Wellbeing	Keeping clean: Make up a song about washing your hands. Share it on our school twitter.	PE: Create an assault course in the garden. Who can do it in th fastest time? You could have an egg and spoon race, balancing competition.	Participate in some daily yoga, mindfulness and relaxation click here	Online Safety: Have a family discussion about how we can keep ourselves safe online.	Healthy Eating: Have a family movie night. Make a healthy snack for you to enjoy and think about what it is that makes your snack healthy.
Literacy	Reading for Enjoyment: Log into Oxford Owl at https://www.oxfordowl.co.uk/ This website will allow you to access free online ebooks for your children to read. There are lots of variations of books including Oxford Reading Tree and Project X.	Sound Safari: Go on a sound hunt around your house and garden. What objects can you find for the sounds that you already know?	Listening and talking: Find your favourite object around the house and tell an audience why it is special, why did you choose this item? How long have you had it? Talk for at least 30 seconds and ask and answer questions.	Handwriting: Practice your handwriting using the letter formation rhymes. Circle your best one.	Writing: Can you write about your daily routine at home? When I wake up I go down stairs. I have my breakfast. I get dressed. Etc
Numeracy	Top marks: Visit top marks and play a numeracy game. You can have a go at a counting or number recognition game.	Sorting: Can you sort socks/shoes into pairs, sizes, objects colours and patterns. Can you count them in 1s, 2s or 5s?	Maths Basic Facts: Asking quick fire questions mentally (black level). Questions found in the numeracy folder under maths basic facts. 10 minutes practise a day.	Pattern: Go outside and find objects that you could use to make a pattern. Can you follow a colour or object pattern?	Counting: Play a game of counting tennis. Start at a random number and count forwards and backwards between the players.

Learning Across the Curriculum	The Rainbow Fish: Can you discuss with your family what makes a good friend?	STEM Challenge: Can you find materials around the house to create the biggest tower you can. Measure it, how could you make it taller? How could you make it more stable?	French: Counting to 20 in French. https://www.youtube.com/watch?v=UsEz58BblMY	Expressive Arts: Create a self portrait. Look in the mirror. Can you create a line drawing on yourself?	Digital Learning: Can you investigate using the internet what your ideal pet would need? What does it eat? Where does it sleep?
