Building Back Better Curriculum Rationale

Every child at Newtongrange Primary School is entitled to a curriculum which is:

- Promotes their health and wellbeing, encouraging self-esteem and a respect for diversity and fairness in life.
- Challenging, building on knowledge, understanding and skills to ensure progression.
- Coherent from ELC through to the end of their primary education, with smooth transition onto high school.
- Developed on sound learning and teaching practices, informed by research, and including well planned learning experiences which are active and engaging.
- Based upon developing skills and competences for learning, life and work and an ability to make informed choices about their health and wellbeing.
- Real and relevant now and in the future.

Further develop the use of digital technologies within the curriculum, supporting us to become digital leaders.

To support learners to achieve their potential through excellent attendance at school and being on time.

We want to ensure all learners feel safe, valued and respected in our school.

Embed the Rights of the Child within the ethos of our school.

School Improvement Plan 2021-2022
Priority 1 Improvement in attainment and achievement.
Priority 2 Included, Engaged and Involved: Wellbeing and Equity
Priority 3 Use of digital technology to support learning
Learners have the right to a good quality education. (Article 28, UNCRC)

Improve attainment within literacy and numeracy.

Further develop our ability to 'regulate', 'relate' and 'reason' our emotions.

Continue to improve learning and teaching through staff training, resources and outdoor learning experiences

Have high expectations within all aspects of learning and ensure work is presented to a high standard.

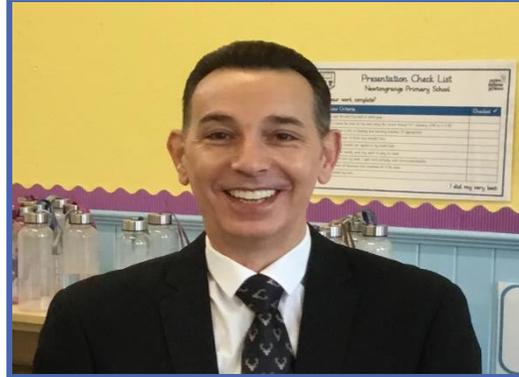

Respectful, Kind, Hardworking, Responsible, Confident, Fair

Learning at Home

At Newtongrange Primary School, we believe in encouraging our children to be lifelong learners – we hope to build on children’s interests and enthusiasm by making learning fun.

Our approach to learning at home is a flexible one. Some children love studying at home but for some, the pressure of completing homework tasks can be a challenge – for both parent and child. In these cases, homework can be counterproductive; children can begin to see learning as a chore and parents or carers begin to dread the weekly ritual.

We do not wish to compromise family life; time spent each day as a family can be limited, we must value every minute.

Our home learning approach consists of

- weekly reading (4 times 20 mins)
- Weekly numeracy activities
- Monthly optional learning log activities.
- Across the year there may be whole school home learning challenges.

Learner Participation

All learners will participate in assemblies on a Friday morning. These will involve current themes across the school. Each class will have the opportunity to share their learning at an assembly once throughout the year.

Learners will also participate in Wider Curriculum, which occurs 3 times a term. This approach allows learners to be aware of the link between what skills they are learning and their relevance to the wider community and world of work. A broad range of activities and experiences are on offer for our learners in order to support wider achievements.

Learners have opportunities to influence and participate by:

- Contributing to school improvement with increasing confidence.
- Engaging in effective Decision Making Groups, such as the Reading Reps, Learning Council and Rights Ambassadors.
- Class Council meetings.
- Being involved in consultations with steering committees to make important decisions that impact on them, such as creating our school vision and discussing our school's behaviour policy with parents and staff.

Sharing our learning and school news

All school information will be communicated to families via our school app and website. Please check regularly for updates.
